

Research Interests

Visual Analytics

Dr. Phil Legg

A (very) quick background...

- PhD: Multi-modal image registration (Cardiff) – *how can a computer automatically align images of different appearance?*
- PDRA: Sports Video Visualization (Swansea) – *how can data visualization improve player performance and coaching capabilities?*
- PDRA: Insider Threat Detection (Oxford) – *how can machine learning and visual analytics enhance capabilities of recognising malicious activity?*

Research Interests

Data Visualization and Visual Analytics

- Enhancing visual representation and interaction to enable effective insight and understanding in a manageable timeframe.

Machine Learning

- Learning from data to characterize patterns and trends.

Image Processing and Computer Vision

- Manipulation of image and video data sources.

Research Interests

Visual Analytics

“the science of analytical reasoning facilitated by interactive visual interfaces”

Visual Representation

- Given some data, what is the ‘best’ way to depict this?

Information /
Scientific Visualization

Perceptual Factors

Analytical Reasoning

- Given some data, what is the ‘best’ way to reason about this?

Data Mining

Machine Learning

Complexity reduction

Interaction Design

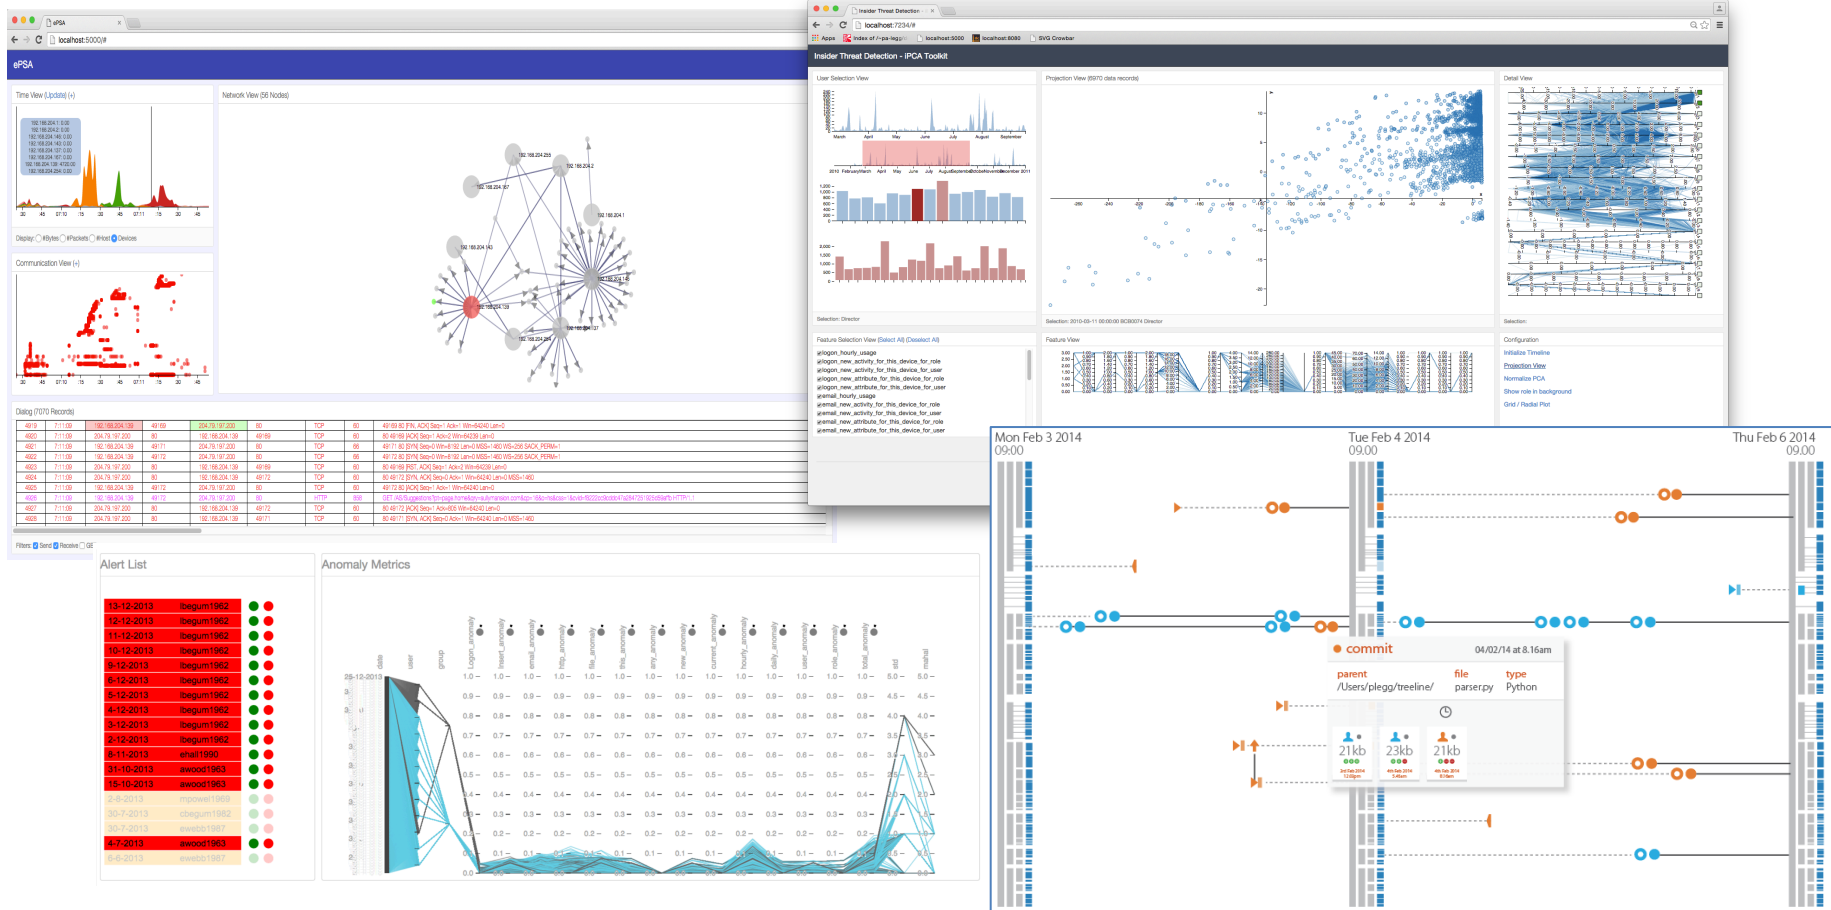

- Given some data, what is the ‘best’ way to interact with this?

Cognitive Factors

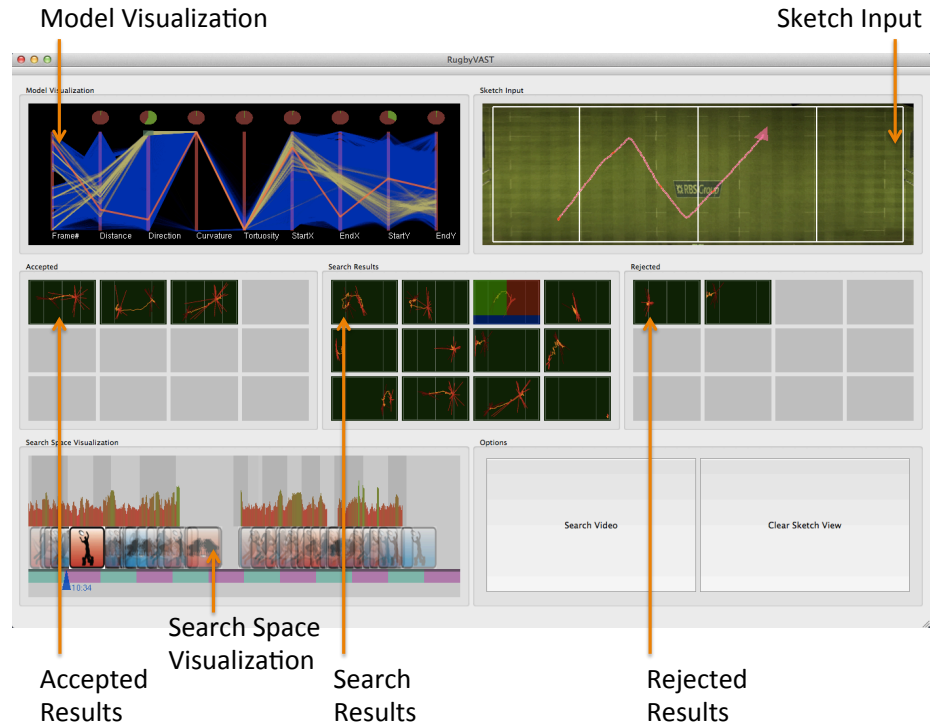

Decision /
sense - making

HCI

Examples

Examples

More examples on YouTube /
Twitter / Homepage

Future Directions

- How do we know that we perceive visualizations in the 'correct' way?
 - Visual communication theory
- How do we know that ML algorithms are doing what we would like them to do?
 - Interactive/Visual AI
- How do we utilize the capability of the machine and the intuition of the human?
 - Visual analytics + ML

Journals and Conferences

- IEEE Trans. Vis. Comp. Graphics
 - IEEE Vis (March)
- Comp. Graphics Forum
 - EuroVis (December) Eurographics (September)
- IEEE VizSec
- IEEE Computer Graphics and Applications
- Computers and Graphics
- Visual Computer
- Computational Visual Media
- IVAPP (September)
- EGUK Computer Graphics and Visual Computing (June)
- IEEE Vis Arts Program – *invites to Leonardo, IEEE CG&A*

- *News / Media – impact case studies*

Thanks for listening!
